If you had never heard of the Hupmobile and chanced to see one of the 1916 models on the street, you would immediately put it in the class of the foreign expensive cars. Its low-hung, racy appearance is typical of the highest-class product of the European designers.

No other car on the American market has this low, racy appearance in such degree as the Hupmobile-a quality which not only gives it unusual style, but steady riding.
